

We, the undersigned, petition the DCD and Kitsap County Commissioners to enact regulation to prohibit short term rentals for Rural Residential (RR) coded areas of Kitsap County and to define short term rental as rental agreements of less than 30 days.

The practice of VRBO is transforming our rural residential neighborhood into a commercial business/resort vacation district. It changes the nature and characteristics of our neighborhood community. It results in a loss to neighboring permanent residents the enjoyment of peaceful occupancy of their own homes and beach properties. It violates the intent of RR zoned neighborhoods. Thank you.
